

STAIR LIFTS

Life Uplifted

ThyssenKrupp Access

ThyssenKrupp

Designed for the way you live.

At ThyssenKrupp Access, we make it our mission to go above and think beyond. We provide customers with solutions that help make day-to-day living better. It's the reason we go to great lengths to ensure every product we make passes rigorous testing. It's also why we engineer a wide variety of smart and innovative products designed to fit the unique needs of individuals.

For more than 60 years, we've been a worldwide leader in accessibility solutions. We've been the company that people count on. The one that customers turn to when they need a smart reliable way to take back their independence with a home elevator, stair or wheelchair lift. Experience the difference for yourself.

ThyssenKrupp Access. *Life Uplifted.*

Flow[®] II curved stair lift

Support

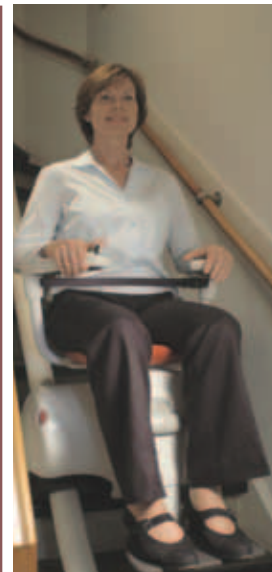

Professionally installed by factory-trained technicians and backed by an industry leading 2-year drive train and parts warranty.

Design

Compact design — seat, arms and footrest fold up easily when not in use. Tube-style rail for straight, curved or spiral stairs.

Ease & Reliability

Armrest with three types of joystick controls, plus an optional ergonomic joystick. A light touch in the desired direction moves the stair lift until the rider releases the joystick.

FITS MOST STAIRCASES

Straight, around corners, and even spiral

JOYSTICK CONTROL

Provides effortless control and maximum comfort.

ERGONOMICALLY DESIGNED CHAIR

Choose your perfect chair for a soft, ultra-comfortable ride.

QUIET RIDE MOTOR

Technologically advanced rack and pinion drive system that is whisper-quiet and smooth.

AUTOMATIC SWIVEL SEAT *optional

Enabling safe, easy access to and from the chair.

WIRELESS CALL / SEND REMOTES

Two remotes come standard with every unit.

UNOBTRUSIVE, SPACE SAVING DESIGN

With 'out of the way' parking and a completely collapsible chair.

OBSTRUCTION SENSORS

Automatically stops the lift should something block its path.

EZEE SURVEY PHOTOMETRIC SYSTEM

A one-of-a-kind, state-of-the-art measurement system that allows for a perfect fit when installing the Flow[®] II on even the most complex and challenging staircases.

SAFETY BELT

CE & ETL SAFETY CERTIFIED

Engineered to the highest standards for your safety and peace of mind.

PLUSH VINYL & FABRIC UPHOLSTERY

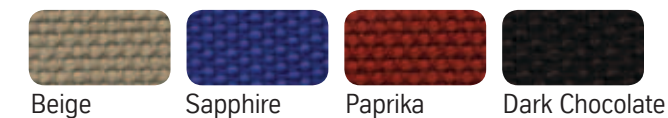

Customize your chair to match your home's décor.

It's your life. Enjoy the ride.

At ThyssenKrupp Access, we don't simply make products that fit your needs – we provide accessibility solutions that enable, empower and liberate *you*.

Comfort™ straight stair lift

Support

Professionally installed by factory-trained technicians and backed by an industry leading 5-year drive train and 2-year parts warranty.

Design

Compact design — seat, arms and footrest fold up when not in use. Seat and footrest link for easier fold up action.

Ease & Reliability

Constant pressure switch provides maximum control for the rider. Chair only moves when the switch is engaged. Wireless handheld remote allows an attendant to call or send the chair lift from floor to floor.

ARMRESTS WITH JOYSTICK CONTROL
Provides effortless control and maximum comfort.

ERGONOMICALLY DESIGNED CHAIRS
Choose your perfect chair for a soft, ultra-comfortable ride.

AUTOMATIC FOLDING RAIL
Ideal for staircases that end near a doorway.

AUTOMATIC POWER CHAIR SWIVEL
Enabling safe, easy access to & from the chair.

ADJUSTABLE SEAT TO FOOTREST HEIGHT
Designed to fit average and tall riders.

SLIM PROFILE
When not in use, the chair easily folds up and out of the way.

ANODIZED ALUMINUM RAIL
Anodizing helps keep the surface clean and virtually maintenance-free.

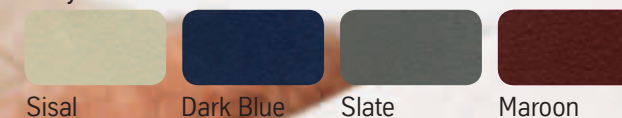

OBSTRUCTION SENSORS
Automatically stops the lift should something block its path.

RETRACTABLE SAFETY BELT
